# TC<sup>®</sup> AIR CARE

## YOUR RESTROOM'S BEST IMPRESSION

*The World's  
leading Air Care  
Supplier,  
Technical  
Concepts  
offers modern*

*fragrances that  
meet the diverse  
needs of  
the Away-  
From-Home  
Market Place.*

## TC<sup>®</sup> AIR CARE

*Because You Care About...  
Your Restrooms*

A patrons' impression of the restroom is based on the initial fragrance or odor they encounter. Since even the cleanest restrooms are susceptible to unavoidable restroom odors, a discrete and effective air freshening system is essential. TC<sup>®</sup> Air Care Systems eliminate unavoidable odors, leaving the restroom with a clean, fresh fragrance.

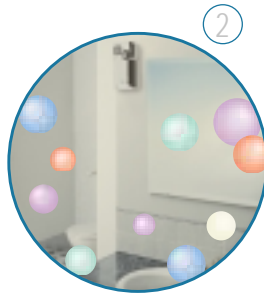

Make your BEST IMPRESSION and provide a pleasurable experience with TC<sup>®</sup> Air Care dispensers and the new modern TC<sup>®</sup> Fragrances.

### ALWAYS FRESH

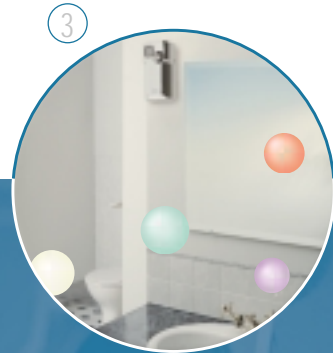

# ALL TC<sup>®</sup> FORMULAS CONTAIN MICROTRANS<sup>™</sup> ODOR NEUTRALIZERS

1  
Microtrans<sup>™</sup> Locking onto  
malodor particles

2  
Microtrans<sup>™</sup> Penetrating  
and soaking into  
malodor particles

3  
Microtrans<sup>™</sup> Transforming  
malodors into a neutral base

4  
Creating a fresh, hygienic  
and comfortable  
restroom environment

Traditional air fresheners only camouflage malodors. TC<sup>®</sup> Air Care Systems are engineered to do the complete job. With Microtrans<sup>™</sup>, we eliminate “The Unavoidable Odors” in the restroom.

Malodor molecules are large and complex. Microtrans<sup>™</sup> is a blend of chemistry and physics that locks on to malodor molecules and transforms them to a neutral base. Then we add a clean, fresh scent. TC<sup>®</sup> Fragrances with Microtrans<sup>™</sup> neutralize malodors leaving a pleasing, hygienic scent... The signature of a clean, safe and comfortable restroom .

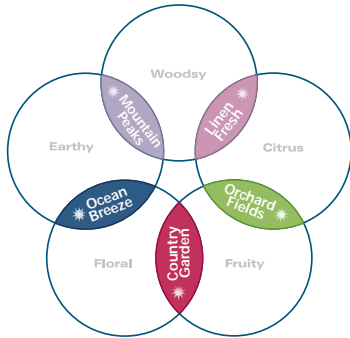

TECHNICAL CONCEPTS

# CUSTOMER PREFERRED FRAGRANCES

Technical Concepts offers a variety of clean, fresh fragrances representing customer preferred fragrance zones, thereby increasing preference with individual patrons. Our five fragrances are available as individual products or in a convenient "Preference Pack".

## Fragrance Zones

## FRAGRANCE SELECTION CHART

<i>Ambiance</i>	<i>Fragrance</i>	<i>Intensity</i>
