

Standard Aerosol Systems

Standard Aerosol Systems offer automatic odor control for every budget. TC Air Neutralizer refills provide odor control through our proprietary Microtrans® technology. Air Neutralizers with Microtrans blend chemistry and physics to lock onto malodor molecules and transform them into a neutral base, eliminating unavoidable odors in the washroom. Then Technical Concepts adds a modern, fresh hygienic scent – the signature of a clean, safe and comfortable washroom.

Effective Odor Control

Automatic Standard Aerosol Systems provide effective odor control for every application and for every budget. Smart chip technology maximizes odor control effectiveness for 30 to 168 days.

Reliable

From our most advanced fully programmable LCD dispenser model, to our lowest cost economizer dispenser, all our Aerosol dispensers are backed by a 10-year warranty.

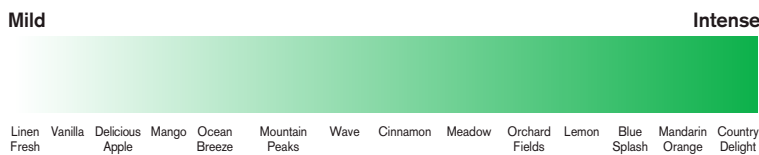

User-Friendly Performance

The Standard Aerosol fragrances eliminate unavoidable odors and give the washroom a clean and fresh appearance enhancing the washroom experience of your patrons. Aerosol dispensers are simple to install and easy to program.

Better for the Environment

Air Neutralizers are available in low VOC formulas and comply with all the current California, U.S. and Canadian regulations.

Fragrance Intensity Chart
